SCHEDULED DATES:

Last date of Applicant Reception : 01.05.2023
Intimation of Selection : 03.05.2023

Session Timing: 9am-12.30pm & 1.30pm-4.30pm

ABOUT THE COLLEGE

Kongu Engineering College was established in the year 1984. Approved by AICTE, New Delhi, accredited by NAAC for 5 years with the grade of “A” and an autonomous Institution affiliated to Anna University, Chennai. The Institution has completed 37 years of dedicated and excellent service in the field of technical education. It offers 17 UG, 15 PG and 15 Research programmes in Engineering, Applied Sciences and Management imparting high quality value added education in India. The college has got NBA accreditation for UG programmes, Best Engineering College award, Best Principal award twice. The institution is ranked high among the Engineering Institutions in India by various surveys conducted by reputed magazines / journals / organization. In the NIRF (National Institution Ranking Framework) survey conducted by MHRD, the Institution has bagged 164th rank among all Engineering institutions in India including premier institution like IITs, NITs, etc., The institution has established a Technology Business Incubator (TBI) supported by Department of Science and Technology, Government of India in its campus. TBI@KEC has won the National Award, for the Best TBI in India, presented by President of India.

ABOUT THE COURSE

This course provides professionals with an overview of features, benefits and capabilities of AWS. This course will provide a better grasp on AWS core services, essential concepts, migration options from on-premises to AWS and the fundamentals of building serverless apps with AWS. Additionally, you will have opportunities to practice what you have learnt. Some hands-on applications of these topics will also be delivered.
